Washurecton, Sept. 23 To-day the flag still waved over the G. A. R. Place, decorations remitined, the tents were all standing and colors were flying abourd the Kearnage as usual. The only reunion on the day's programme at Grand Army Place to-day was that of the Sons of Veterans. A goodly number of the Sons gathered in Grant tent together with some of their sires, and representatives from women's organizations, and in the partia, shelter afforded by the dripping canvas, distened to some stirring orations. Surgeon General Wilcox presided. After he had delivered the opening address. Secretary Noble, E. Potter Dustin, Col. P. H. Murphy, of Lafayette Post, New York, Col. Long, of the department of Maryland, and others made speeches. There were also some singing of patriotic songs and an inspiring recitation by Miss Dalay Tittle, the pretty little daughter of the Regiment of one of the Ohlo organizations of Veterans. The Union Veterans Union held a big camp fire at River View excursion resort a few miles down river where, notwithstanding the rain, a large crowd gathered and had a good time Speeches were delivered, reminiscences of war related, drill by the ladies military company, of Ohlo, was gone through, all interspecsed with enthusiastic singing of "Marching Through Georgis," "Dixie," "Rally Round the Flag" and other well known songs.

Camees Pante in Jowish Synagogues—
Four Killed and Several Enjares.

Niw York, Sept. 23 There are four Jewish Synagogues in a tenement house, at No. 27 Ludlow street. These were all crowdest, this morning, with devout Hebrews attending the lestival services of the New Year, when some person in one of the places of worship raised the cry of fire. Immediately there was a pante and everybody rushed for the doors. The staltway, which is not very wide, became packed with people who piled on top of one another in their efforts to get out. Some person out on the street had enough presence of mind to send out a fire alarm, which brought out the department to the acone. Firemen succeeded in extricating the people from the blocked stalrway, but found there were four dead and almost a dozen injured.
